DOT Compliance

In accordance with the Federal DOT regulations the driver of the vehicle may not exceed 10 hours of driving time or 15 hours of on-duty time without taking an 8 hour off-duty break. The driver may not exceed 60 hours of on-duty time in a 7 day period or 70 hours of on-duty time in an 8 day period. With the new ELD laws in effect, there is an increased demand for double-drivers. If a double driver is needed, we must be notified within 14 days prior to the trip or we cannot be held responsible, or we may not be able to accommodate the request.
